

Advanced Bathtub Refinishing
(503) 627-9870

Refinished surface cleaning instructions:

1. Do not use for 24 hours, do not clean for 1 week after refinishing
2. No abrasive cleaners (Comet, Ajax)
3. No bleach or chlorine
4. Only use products that are safe on refinished or reglazed surfaces
5. Clean at least weekly

Recommended product:

1. Lysol 4 in 1 All Purpose (available in any grocery store)
2. If any build up occurs use regular 409 in conjunction with cleaner

Cleaning Tools

1. Soft cloth
2. Sponge
3. Tuffly (nylon ball used on Teflon) may be used for stubborn build-up

Bath Mats

1. Refinishing materials must be allowed to cure for 1 full week before using bath mats
2. Mat must be removed between uses to allow mat and tub to dry thoroughly
